

WE ARE MOVING

To the Valued Patients of TechTown Dentistry,

I would like to take this opportunity to announce that our office will be expanding and relocating to a new development called Waterloo Corporate Campus at 580 Weber Street in Waterloo (the corner of Northfield and Weber Street in the former NCR property). At less than 3 km away from our current location, we will be able to offer a larger facility with main floor access that is close to the expressway and future LRT. Watch for expanded hours as well! We are excited about the growth of our office and have attached a map for reference. The move will occur in late July to allow for time to get the new space outfitted appropriately. We appreciate your continued support and look forward to welcoming you and your family to our new space and continue providing a comfortable and welcoming environment for your dental care. Should you have any questions, please feel free to contact our office!

Sincerely,

Dr. Sellner, Dr. Jones and the TechTown Dentistry Team
